Worcester City Football Club

We carry the city's name. We carry with us a long tradition of football and for this season we lay down the gauntlet to the people of Worcester; come and visit St George's Lane. We want you to become a part of the legacy of this football club.

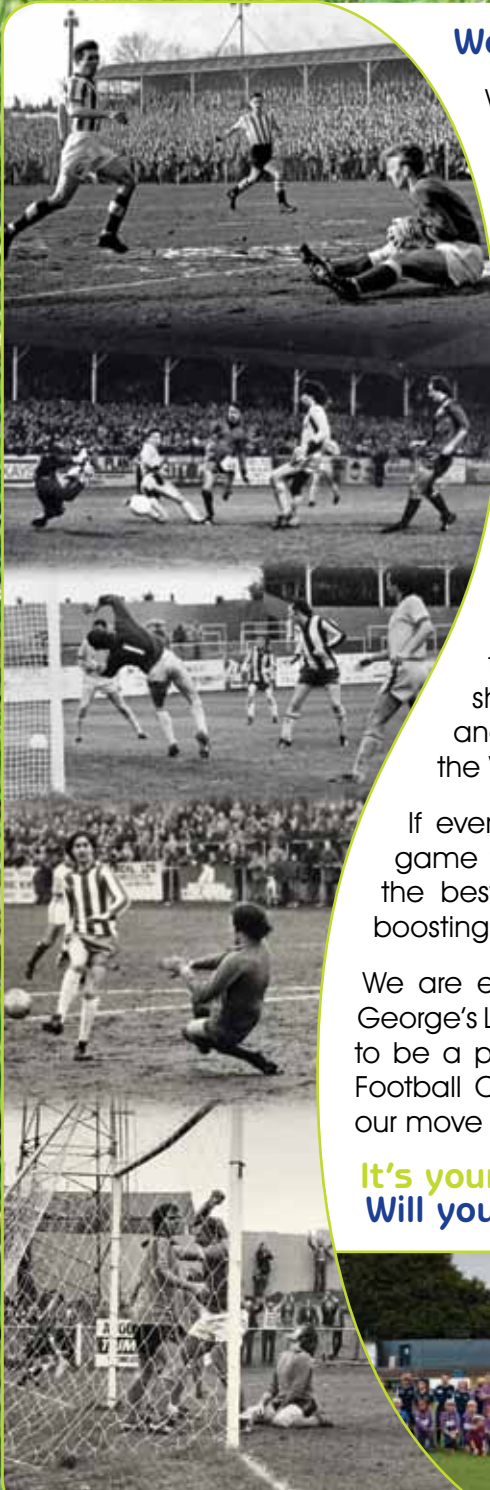

Worcester City is your local football club with family values at heart. Not only do we offer some of the lowest entry prices for all under 21's but we offer Free Pre-Match Football on the pitch to local schools and Junior Clubs.

For 110 years we've represented the faithful city. We play football the way it should be played. Our fans are passionate and loyal, our players are proud to play for the Worcester name.

If everybody in Worcester came to one City game this season, we would give the ground the best send-off it could have – as well as boosting our chances of promotion.

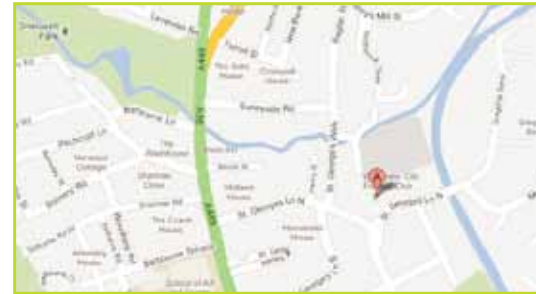

We are entering into our last ever season at St George's Lane and this will be your final opportunity to be a part of the rich history of Worcester City Football Club at this famous old stadium before our move to a new ground.

**It's your City. It's your Club.
Will you be there?**
